☀️ At the end of 2012 the children were spoiled with a magic Christmas Party and a gift.

≠Volunteers from Holland who worked at the Centre for 3.5 months said goodbye - and are surely missed. They worked one on one and passionately filled the empty love tank of each child.

§ Home work was done on daily basis as well as other

activities like reading, maths, art, visits from the vet and music development.

« The computers certainly give the children pleasure and while having fun they also learn **valuable skills**.
